This volume contains one hundred and fifteen plates of autograph texts and eight plates of Aramaic endorsements.

PREFACE.

This volume of texts, from the Murashû archives, completes those dated in the reign of Darius II, with the exception of a number which are in private possession. The number of the unpublished documents is about two-thirds as many as contained in this volume, and are dated in the reign of Artaxerxes I.

With the exception of the Aramaic endorsements scratched or written on the documents which are too poorly preserved to be reproduced, all that are found on the tablets of the archives in the University Museum and the Constantinople Museum, including those not reproduced in Vol. IX B. E., are brought together, and are found on eight plates following the texts of this volume. The translations of the endorsements, which are not discussed in the Harper Memorial Volumes, where most of them were published, are found in the "Description of Aramaic Endorsements."

In the previous volume I was able to identify a large number of Persian names by the help of Justi *Iranisches Namenbuch*, but not being an Iranian scholar, I preferred to seek the help of Prof. C. C. Torrey and Dr. Louis H. Gray in making the identifications for this volume. In connection with each name identified or discussed by them I have added their names. I take this occasion to thank them for their kind assistance. The identifications of the Persian names previously made, are not repeated in this volume. Several Egyptian names have also been identified by Prof. Hermann Ranke of Heidelberg. His results are published in his valuable monograph *Keilschriftliches Material zur Altägyptischen Vokalisation*, in the Proceedings of the Royal Prussian Academy.

It was my purpose to give the translations of selected texts which differ from those of the two previous volumes, but preferring to give all the remaining texts of Darius' reign, I have postponed publishing the translations, especially because of the size of the volume.

About fifty of the texts of this volume were copied in Constantinople from tablets which have been retained in the Ottoman Museum. They were copied during the month of June, 1909. In this connection I desire to express my thanks for the courtesies extended me while at work in the Museum by their Excellencies, the late Dr. O. Hamdy Bey, and his brother Halil Bey, as well as the General Secretary of the Museum, Nicolaki Efendi Ohanny. I desire also to thank the Director of the University Museum, Prof. George B. Gordon, Sc.D., for his encouragement and assistance in the pursuit of my labors.
